## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The town crew has been busy with several jobs this past week. More of the unpaved roads have been graded and calcium chloride has been applied to some roads. The fountain on the common has been partly painted and will be finished soon. It took more paint than was anticipated.

A part burned out on the electric motor at the West Bethel water system and the village was without water for part of a day last week. The motor has been repaired and is back in running order.

The Bethel Area Development Corporation and the Chamber of Commerce had a speaker from the James Sewall Co. of Old Town explain 701 Planning last Thursday night. Unfortunately there wasn't a very large crowd at the meeting. The speaker discussed the material gathered for a comprehensive plan and how the material was used for the planning of a municipality. He had maps of other Maine towns which showed land use, population distribution, building conditions, water and sewer facilities and traffic patterns. These maps and other material show things as they exist in a town and are used to determine the logical steps to be taken in the future.

Municipal planning is a fairly new field with most of its development coming in the last ten years. Everyone at the meeting agreed that it is a subject that should be considered for Bethel.

Michael Houlihan

## Old Town Firm to Submit Estimate Of Survey to Local Planning Bd.

The town of Bethel would benefit in three major respects if it adopted a Comprehensive Planning Program, a group of local residents were told last Thursday evening at a public meeting in Odeon Hall which was sponsored by the local Chamber of Commerce and the Bethel Area Development Corporation.

F. Philip Dufour, Administrative Director of Planning and Research for the James W. Sewall Company of Old Town told those present that, under the proper circumstances, the cost of such a program would be divided as follows: 66 2/3% from the Federal Government, 8 1/2% from the State of Maine, and 25% from the Town of Bethel, and he pointed out the fact that more than 60 Maine cities and towns already have had or are in the process of having comprehensive plans developed under the so-called "701 Planning Program". The major benefits, he said, would be an orderly development of the Town for future growth, a much greater appeal to new residential and industrial prospects, and an eventual reduction in the rate of increase from year to year in local taxes.

In considerable detail, with

maps and diagrams of other Maine communities, he explained how his firm makes an exhaustive survey of existing land uses, utility services, population density, drainage problems, and traffic patterns. Then, with all of the facts before them, they work out a "comprehensive plan" for the next ten or twenty years with the local Planning Board which is finally submitted to the Town for consideration at a regular or special Town Meeting where the local electorate have the final say on the question of whether or not the plan should be adopted. He stated that it would take at least one year to complete the study and the recommendations.

Following a lengthy question period in which Mr. Dufour clarified many points, a majority of those present indicated by a show of hands that they would like to have his firm submit an estimate of the cost of such a study to the Bethel Planning Board. This would not obligate the Town in any way.

Dr. John W. Trinward, President of the B.A.D.C. and Rev. Clifford Laws, President of the Chamber of Commerce, were co-chairmen of the meeting.

## BETHEL BRANCH, AMERICAN RED CROSS TO MEET MAY 22

The annual meeting of the members of the Bethel Branch of the Red Cross will be held at the home of Mrs. Barbara Douglass at 7:30 p. m., Wednesday, May 22, for election of officers and any other business presented.

It should be noted that in spite of the earnest efforts of our dedicated solicitors the spring drive collections have not even equalled the cost of the swimming class instruction let alone our proportion due the Chapter for our own and Biddeford fires and due the National organization for country-wide disasters. Those who have not given their utmost should send other donations to the chairman, Rev. Clifford Laws.

## GOULD TO PRESENT SPRING CONCERT, MAY 26

Those people who remember the Christmas Vespers Service, featuring the Gould Academy Glee Club and Chapman Club on December 16, may look forward to another fine presentation as they appear at the Congregational Church for their annual spring concert, on Sunday, May 26, at 8 o'clock. The program will consist of the Brahms Requiem which is considered the greatest work of the modern composer.

## 10 TEACHERS TO BE HONORED AT FINAL P.T.A. MEETING, MAY 21

The ten teachers who have taught twenty or more years will be honored at the final P. T. A. meeting next Tuesday, 8 p. m., May 21.

The following teachers have totalled 270 years of teaching: Alice Ballard, 36 years; Ethel Ward, 22; Ethel Bisbee, 47; Frances Gunther, 23; Marion Coolidge, 29; Maxine Brown, 25; Ruth Hastings, 22; Doris Lord, 20; Ruth King, 23; Helen Varner, 32.

Get your shoes repaired now. After June 1 we will not be sending shoes to A. Ouellette, Berlin, for repair. BOB & GINNY KENISTON

State of Maine Superior Court  
Oxford 88. Civil Action No. ...  
INHABITANTS OF THE TOWN  
OF UPTON, MAINE  
VS.  
PERSONS UNKNOWN TO  
PETITIONERS.  
COMPLAINT.

1. Your Petitioners, The Inhabitants of the Town of Upton, County of Oxford and State of Maine, acting by and through Fred Judkins, Armand Lavallee and Richard Williamson, duly elected and qualified Selectmen of said Town, duly authorized to take such action, have been in uninterrupted possession claiming a freehold title of the following described real estate situated in said Town of Upton, by virtue of either a lost unrecorded deed or otherwise valid gift of such premises by or from Charles Abbott, late of said Upton, since some time prior to eighteen hundred and eighty to the then existing School District then in force, which School District was abolished and the within described property taken over by the said Town of Upton about either eighteen hundred ninety-nine or nineteen hundred and one and the former school house was removed to another lot and since then been used as a public library, and a new two story large school building with basement erected on the same location and ever since been used as the Town's only public school, until this last year when said school was closed as a conservation measure and the Town's scholars transported to another Town for their education.

The closing of the school raises the question of ownership of the building and land, since the said Charles Abbott has been deceased for more than seventy years, and his son, Hollis Abbott acquired such title as remained in the said Charles Abbott, has been deceased for about forty years, having died childless and leaving no widow.

2. There being no known deed in existence and no known record of acquiring such title, leaves open the question of whether or not there were any limitations or conditions attached to such conveyance, either written or oral, and creates a cloud on the title of said Inhabitants of the Town of Upton, and depreciates the market value of said premises.

3. Your Petitioners aver that an apprehension exists that persons unknown to your Petitioners may claim as heirs, devisees or assigns or in any other way, by, through or under the said Charles Abbott or said Hollis Abbott or their heirs or assigns, and that such apprehension depreciates the market value of said premises, as a cloud on the title.

4. The above mentioned property is bounded and described as follows:

Beginning at a point on the northerly side line of the unnamed cross road between Route No. 26, also known as Thistle Street, and the highway leading from Upton Hill, so-known, to that section of said Town known as "The Mills" near the shore of Umbagog Lake, on the line of land now or formerly of Colon Fuller, et al and in the rear of "The Grange Hall Lot" so-known thence on a course of N. 14° E. along the easterly side line of said Fuller Lot and the side of a steep bank most of the way a distance of two hundred fourteen (214) feet to a stone post set for a marker and continuing in the same course another one hundred twenty five feet, (125) more or less, to a square stone set for a marker and corner on the southerly side line of the Upton Cemetery; thence easterly along the southerly side line of said Cemetery one hundred seventy-nine feet to the westerly side line of said Mill Road; thence in a southerly direction along the westerly side line of said Mill Road two hundred ninety-four (294) feet to the northerly side line of said cross road; thence on a course of due west seventy-four (74) feet to the point of beginning.

5. Also the said Inhabitants of said Town of Upton acting by and through the Board of Selectmen above mentioned, aver that said Inhabitants of said Town of Upton have been in uninterrupted possession and claiming a freehold title of a certain other lot or parcel of land situated in said Upton, since the year one thousand nine hundred and three, by virtue of an oral gift of said lot or parcel by the above named Hollis Abbott for use as a town common, and since that time have improved the same and used said parcel as public property, including piping water from a spring on said lot to the above mentioned school house and for other purposes, which property is bounded and described as follows:

Beginning at the southeasterly side line of said cross road and running along the westerly side line of said Mill Road a distance of eighty-five (85) feet to the junction of said Mill Road and Route No. 26; thence on a course of N. 31° W. along said Route No. 26 one hundred thirty-five

MAIL BOX  
IMPROVEMENT WEEK

Postmaster General Edward Day has announced the week beginning May 20th as "Mail Box Improvement Week."

Many boxes, which are the highway billboards of the postal service, have become unsightly with rust, unserviceable due to a leaky condition, broken doors, or no lids, missing signals, no name, supports being bent or rotted and needing replacing, weeds and wild grass grown around the supports and approaches, and in many places the ground is rough and full of chuck holes.

The Post Office Department asks patrons to cooperate in improving their mail box equipment during this period, May 20 to 25. It desires that the routes become a source of pride for the patrons, the Post Office Department and the carriers. For those patrons desiring additional information on the proper size and height for their rural box, they may gain this information from the postmaster or the rural carrier.

The Post Office Department is the most important agency in keeping the people of the nation informed. The rural delivery is a post office on wheels and many times these services are taken for granted and not fully appreciated. The carriers are trying to serve patrons promptly with as few mistakes as possible. Errors are sometimes caused by the patron's name being omitted on the mail-box, especially when a substitute serves the route while the regular carrier is on vacation or sick leave. The substitute is not always acquainted with the route as well as the regular carrier.

The Post Office Department is requesting the rural patrons to repair and beautify their mail box equipment and approaches to help lend brightness to the scenic beauty of the highways, roads and drives.

(155) feet to the southerly side line of said cross road; thence easterly along the southerly side line of said cross road one hundred twenty (120) feet more or less, to said Mill Road, the point of beginning.

6. Your Petitioners aver that an apprehension exists that persons unknown to your Petitioners claiming as heirs, devisees or assigns of said Hollis Abbott or in some other way by, through or under a person or persons unknown to your Petitioners, may claim some right, title or interest in the premises described adverse to Petitioners' estate; and that such apprehension creates a cloud upon the title and depreciates the market value of the property.

Wherefore your Petitioners pray that all such persons claiming any right, title or interest in or to either of the above described lots or parcel of land averse to that of the Petitioners, be summoned to show cause why they should not bring an action to try title to the above described premises.

Hearing had. Motion allowed. Any and all persons, either as heirs, devisees, assigns or in any other way claiming any title, interest or claim adverse to the Inhabitants of said Town of Upton in and to either of the within described lots or premises are hereby ordered to institute in this court an action to try title to the premises named and described in said petition within thirty days from the date hereof, providing a copy of said petition and of this order thereon is published in the Bethel Oxford County Citizen, a newspaper printed and published in Bethel in said County of Oxford and State of Maine for three successive weeks, the first publication to be on May 14th, 1963.

## CAPITOL COMMENTS

CONGRESSMAN

CLIFFORD G. MCINTIRE

MAINE, SECOND DISTRICT

Recently the House of Representatives passed a bill designed to increase the number of doctors, dentists, etc. in our society. I was pleased to support this legislation for there is a real need for more doctors and dentists in many areas of our State of Maine. This is particularly true in the case of our rural areas.

The bill uses two approaches to accomplish its objective.

One section of the legislation would, for instance, provide federal matching grants to aid in the construction and expansion of medical and other such types of schools that provide training in the professional health service fields. For these construction purposes, the sum of \$175 million in federal funds would be granted over a 3-year period, with the federal share in this matching program amounting to 75% of the total cost in some instances.

Another section of the bill is devoted to establishing a loan program to furnish loans and financial aid to students who might attend these schools to study medicine, dentistry, pharmacy, and other related health professions. On a 3-year basis, these loans would amount to about \$30,700,000.

I very definitely feel that there is real merit in this legislation for it is designed to take care of the rising need that is occurring for doctors, dentists, etc., as our population continues to expand at a rapid rate. The money involved in the advancement of this program cannot be considered merely an item of cost but, more appropriately, an investment in human health and citizen welfare.

Last week I introduced a bill that would extend to elderly people a tax advantage in the sale of their home. I introduced similar legislation to the last Congress, and it narrowly missed having its essence incorporated into the tax legislation that was passed into law last year.

In effect, this bill amends the Internal Revenue law to provide that where a taxpayer or his wife has attained the age of 65, no gain on the sale or exchange of the taxpayer's home will be taxed. Under present law, when

a house is sold a 25% long-term capital gains tax is levied on the excess over and above the original cost of the house; that is, unless this excess is spent for another home within a period of one year. My legislation would make this provision of law inapplicable when a person attains age 65.

My legislation is designed as an income aid to the senior citizens in our population. Older persons generally need every cent of income they can place their hands on to meet their living expenses, and my bill would, by provided tax relief on the sale of a home, be of considerable assistance in this regard. Although this measure would apply to all persons in the country who have reached the age of 65, it would have particularly beneficial application in Maine, for our State has quite a heavy concentration of elderly folks.

MAINE TEACHERS ASSN.  
ANNOUNCE COMMITTEE  
APPOINTMENTS

Two Maine Teachers Association members have been appointed to fill vacancies on the Advisory Committee on Certification, MTA Executive Secretary Clyde Russell announced Monday.

Russell said that the appointment underscored MTA's view of the importance of the work of the Advisory Committee, which is responsible for keeping teacher certification regulations under review.

Appoint by the MTA Executive Committee were Mrs. Mary F. Coombs, social studies teacher at Garland Street Junior High School in Bangor and Mrs. Hazel M. Guyler, director of guidance at Wiscasset High School. They join other teacher representatives and delegates from the State School Boards Association, public, private and religious colleges, the State University, the superintendents and principals associations and the Governor's Advisory Council on Education which make up the 19 man board.

## 20 SECONDS with the NAZARENE

Christ's final words to the disciples on the day of His ascension were: "... go ... make disciples ... baptize ... teach. And be assured, I am with you ..."

His commission has ever been the same. In large measure, the future of our world depends upon the faithfulness of the Church to this Great Commission.

## THE SIGNIFICANCE OF THE POPPY

On the week end before Memorial Day, little red poppies will bloom on millions of coats throughout America. As the annual time for the wearing of poppies draws near, it is well to bring to our minds the significance of this little flower. Why do we have a Poppy Day?

First, we wear the poppy once a year to express the feeling of reverence that is always in our hearts for the men who died for America in the wars.

Second, we wear the poppy to help lighten the burden for those who are still undergoing suffering and hardships because of the wars, the disabled veterans and the families of the dead and disabled. Making the poppies gives employment to hundreds of disabled men who otherwise would be unable to earn anything toward the support of themselves or their families.

The funds derived from the poppy sale constitute the largest source of revenue for the Rehabilitation and Child Welfare work of the Legion and Auxiliary. The dimes, quarters and

and Cathy spent the week end with Mr. and Mrs. Milton Inman and family, at their camp in Albany.

Sharlene and Carolee Palmer are staying with Mr. and Mrs. Lee Farrar while their parents are on a fishing vacation.

Mr. and Mrs. Everett Chase and family, Mr. and Mrs. Maurice Hadley and family spent the week end at the Chase camp, North Pond, Woodstock. Mr. and Mrs. Reynold Chase joined them for a Mother's Day dinner on Sunday.

Week end guests of Mr. and Mrs. Harold C. Perham were Mr. and Mrs. Harold Perham, Jr., and family Newburyport, Mass.; and Mr. and Mrs. Joseph Perham and family, Turner.

Sunday guests of Mrs. Roy Perham were her son-in-law and daughter, Mr. and Mrs. Wendall McDowell and family, Portland, and her daughter-in-law, Mrs. Roy Perham, Jr., and daughter of Lewiston.

Week end guests of Mr. and Mrs. Harold Bonney were their son-in-law and daughter Sgt. and Mrs. Elmer Ryerson, Portsmouth, N. H.

Mrs. William Carpenter and children, South Portland, spent the week end with her parents, Mr. and Mrs. Leon Proctor.

Mr. and Mrs. Leigh Dean and Gary visited her mother, Mrs. Charlotte Everett, South Paris, during the week end.

West Paris Primary Grades (1st, 2nd, 3rd) presented three operettas, "Chicken Licken," "Three Billy Goats Gruff," and "The Ugly Duckling," at the West Paris Gymnasium, Wednesday, May 15.

dollars dropped into the contribution boxes on Poppy Day enable the Legion Posts to carry out a constructive program of aid to the disabled and to the dependent families of veterans throughout the year. Poppy Day is the one day when the public is privileged to contribute toward this great work.

When you buy your poppy, think of the disabled veteran in a hospital who has fashioned the little blood-red flower. Think of the fatherless family whose struggles during the coming year will be lightened by the coin you drop into the poppy worker's box. Think of the brave American boys who lie beneath the waving poppies in France. Think of these things and you will understand the true significance of the Poppy.

## BULLETIN:

FOA-5X additive in Shell Heating Oil helps protect your fuel system winter after winter

THERE's a new additive in today's Shell Heating Oil. Called FOA-5X, it works round the clock to help guard your fuel system—from storage tank to burner head. FOA-5X helps reduce the build-up of heat-robbing deposits that can collect in sensitive areas of burner nozzles. It lets Shell Heating Oil burn in a radiant, even flame. It helps reduce service calls and expense. The result: more warmth per gallon of fuel—top heating performance at minimum cost.

Before you buy your next gallon of heating oil, call us. We will give you complete details about Shell Heating Oil with FOA-5X and about our services.

Hope Parsons and Marjorie Freeman were leaders of Girl Scouts Patrol 4, Bethel.

Sidney Paul Bartlett, Locke Mills, was awarded a scholarship from the Frederick W. and Marianne Hill scholarship fund at the University of Maine.

Bethel players were holding meetings at the Community Rooms.

Road construction was underway on the flat near the Charles Becker place in Albany.

Deaths: Dr. Arthur G. Wiley, Hollis, Maine; Ronald Bennett, Errol, N. H.; Myra Louise York.

### 20 YEARS AGO

The Bethel Union voted a \$200 increase for the superintendents' salary at the meeting of the joint committees of the Bethel Union.

Grass and brush fires throughout Maine were the worst for nine years.

New cars for Maine were rationed. The quota for Maine was 226. Bicycles were also rationed. Quotas for May was 528.

Deaths: Mrs. Joe L. Spinney, Miss Clara Silver, Capt. Edwin P. Coburn, Mrs. Lillian True Bryant.

### 30 YEARS AGO

The farm buildings of Joseph

Duguay in Hanover were burned. The loss was estimated at \$10,000.

The corporation dump was located in Herman Mason's field.

One thousand fish, seven and eight inches long were put in Howard Pond, Hanover.

A meeting was held to take steps to make a permanent organization of the Riverside Park Association.

Deaths: Miss Laura Hall, Mrs. Stella Sessions, Lewis F. Cummings, Frank H. Hill, Mrs. Mary McKeen.

### 40 YEARS AGO

Fred Wheeler was appointed jailer at Oxford County Jail, South Paris.

Norway voted at a special town meeting to build a new high school building.

Rumford suffered a disastrous fire. Damage was estimated at nearly \$72,000. Buildings owned by John Rubino and A. Singer were destroyed. Two families were rendered homeless. Several businesses were affected.

Mrs. Ellen Russell lost her life in a fire that destroyed her home in East Oxford.

Deaths: Margaret Luzzetta Mundt.

this county, would you mind looking around you and looking at the scenery as a visitor? We have lived here so long we don't see our surroundings. There are some beautiful sights to see, but also there are eye-sores.

Make believe, if you will, that Oxford County is your house, and you are getting ready for visitors, keeping in mind that the visitors are returning to Michigan to report what they have seen, heard and done!

The plans so far are to take the whole group to Telstar, Oxford Paper Company, Conservation Camp, and an evening outing at Bear Pond Park. Each individual family will have many other activities planned.

So far guests known to be coming to the Bethel area will be Mr. and Mrs. John Shafer from Royal Oak, Michigan. They will be staying with Mrs. Lee Swan and family. (Mrs. Swan was their guest in Royal Oak, last year.) They are both 4-H leaders and very active in all 4-H activities. They are avid skiers and John is a member of the National Ski Patrol.

We are anxious for Oxford County to meet our Michigan friends. Will you be ready July 11, to put your best foot forward for Oxford County?

We have no Detroit Zoo, Greenfield Village or Pontiac Motors to show our guests, but we do have beautiful mountains and scenery. So please keep Oxford County CLEAN and GREEN for us to show off.

Funeral services were held Tuesday afternoon from the Hawthorne funeral home, Dixfield, with Rev. Lewis Mills officiating. Burial was in Buckfield Village Cemetery, Buckfield.

### ROADSIDE PICNIC AREAS TO OPEN MAY 17

State Highway Commission crews have been busy cleaning and painting over 1,600 picnic tables in preparation for a May 17 opening of the 200 roadside picnic areas operated by the Department throughout the state.

All of the picnic areas are getting a general sprucing up which includes cleaning the grounds and painting the litter barrels, fireplaces and toilet buildings. In addition, new equipment is being installed in many areas to take care of the increased demand by motorists for picnic facilities.

Next weekend, when the areas are spic and span, the familiar brown and yellow PICNIC AREA signs will be hung inviting all motorists to turn in and enjoy the hospitality of these roadside oases.
